It's Finally Springtime

Spring Time!! Warm Weather!! Blue Skies!!

Things are humming here at Kirby Pines inside as well as out!

Let's start on the outside...Mike Rayder and his team has a great start on the growing season. Flower beds are clean and ready for plants and flowers. Bushes have been trimmed back and are looking healthy! We will even be adding additional color around Pond #1 to really make our front entrance pop. Kirby Pines will be participating in the Memphis Garden Tour.

Now, what about the inside...First and foremost, our Marketing Team has had a phenomenal start to 2024! Our first event of the year was a Dinner Event, targeting prospects who have expressed an interest in Kirby Pines, but have said "they aren't ready." The title of our presentation was "What are you waiting for?" It was a sold-out event that was punctuated by testimonies from several resident hosts. Please check our Kirby Pines YouTube Channel for the video which we used. We had an amazing response! Consequently, we have several move-ins scheduled for March! Look forward to fresh introductions as we finalize move-in dates. We will be adding many new residents during 2024.

at Kirby Pines

I want to thank all who participated in our first Exquisite Cuisine of 2024! What an amazing evening had by all! We received a very favorable response from our change in 2024 of the offering of wine with the meal. You may opt out of this service if you choose. This is just the beginning of many changes in culinary, including some menu enhancements to the Bistro.

We are so lucky to have such a talented Chef as Mark Simpson and his entire staff. Next month, I will dedicate my entire article on our 5-Star Health Center. "Stay Tuned" and see you around campus.

Nina used to collect V-nickles after the war. They are both very proud they raised 2 good kids, daughters Lisa and Lynn. Their friends would describe Nina as nice, polite and a good person. Max, though opinionated, is also very nice.

We are delighted Max and Nina have chosen Kirby Pines Retirement Community as their new home. We hope they quickly settle into things and make a lot of new friends. If you happen to see them in the halls or dining room, be sure to give them a friendly welcome.

We are thrilled Patricia has made the move to Kirby Pines. We hope she gets involved in some of our activities, like the Garden Gro'ers or one of our musical groups. Make sure you give her a big Kirby welcome and show her the ropes.

The Benefits of Walking for Seniors

Experts have said that walking could be the best exercise for seniors; it's an effective way to reduce the risk for chronic conditions and improve your overall health. Some of the benefits of walking for seniors include:

Improves heart health.

For seniors, walking offers numerous heart health benefits. Getting your heart rate up daily leads to a reduction in the risk for high blood pressure and high cholesterol, and even coronary heart disease.

Lowers blood sugar.

After eating, taking a 15-minute walk has been shown to reduce the after-eating spike in blood sugar some seniors can experience. Your body is using blood sugar more effectively to strengthen muscles, and insulin works better, too.

Reduces pain.

Studies have shown that walking helps reduce some pain due to chronic conditions like arthritis. Some seniors experience lower back pain, and walking even just three times a week for around 20 minutes can help strengthen abdominal and back muscles to decrease chronic back pain.

Low participation cost.

After you've invested in a good, sturdy pair of shoes, you can walk basically anywhere-for free! When the weather permits, head to Lake Latimer for a stroll on the walking paths or simply walk around the garden home neighborhood. If it's too cold or rainy to go outside, take a stroll around the hallways right here at Kirby Pines.

Promotes social engagement.

Walking offers an easy way for seniors to meet up with others, whether you join a walking group with friends or simply engage with neighbors while out on your daily walk. You can meet new people and enjoy your environment each day.

Boosts mental health.

A daily walk can help you feel more positive about life. The endorphins released during physical activity create a sense of well-being, reduce anxiety and boost your mood.

It's never too late to start!

Resident Spotlight: Leon & Marilyn Sanderson

Despite occasional re-locating, Leon had a happy childhood. He recalls playing kick ball, riding his bike, playing “catch,” and making model cars. His favorite was a blue, 1904 model Oldsmobile with seats covered in burgundy velvet – a contribution from his mother. His school years were good, and he sang with all singing groups in school. He also played the tuba in the marching band during his high school years.

Having decided to become a minister of the Gospel, Leon entered Harding College in 1950 and graduated four years later with a degree in Bible and Speech. He continued his studies at Harding, earning a graduate degree in Ministry. He would then move to Memphis for his first position with a church.

Although both Marilyn and Leon were born in the same city and attended the same college, they did not meet until Leon accepted an associate minister position in the church where Marilyn attended. Together, they would become an integral part of that church’s mission to serve not only the church members, but the non-members of the community around them.

To better prepare himself to serve, Leon became a life-long learner. Since moving to Memphis, he has earned two additional masters degrees and the Doctorate of Ministry from Harding School of Theology. He has the distinction of earning the most degrees of any student in the school’s history! He has used his musical talents in various ways, leading singing as well as teaching others to lead songs in church. He has written several hymns with special attention to setting scripture to music. Blessed with a beautiful voice, Leon sang for several years with an elite musical group in Memphis.

The Sandersons have three children, nine grandchildren, and four great grandchildren. Twice a year, at Thanksgiving and in June, 22 family members meet for a reunion – a 25 year tradition. Travel continues to be a significant activity for the Sandersons. They have visited all 50 states; Leon has been to 33 foreign countries and six continents, and Marilyn has visited 40 countries and five continents.

Since moving to Kirby Pines in September 2021, both Leon and Marilyn have become vital members of the Kirby family. Marilyn enjoys The Bookbaggers and Mah Jongg. Both serve as Wing Leaders, sing in the Chorus, visit residents in the hospital, and attend various Bible studies. Leon participates in Vespers, conducts sing-a-longs, and reads the Bible to residents in the health areas on a regular basis. Both are members of Germantown Church of Christ where Leon serves as a Worship Leader.

The Sandersons say that they are very happy in this loving, family atmosphere of Kirby Pines, and getting to participate in the myriad of activities. Both admit, “We think we made a good decision to come here!”

Written by Joan Dodson, Resident of Kirby Pines

A MISSION OF LOVE & GIVING

Love and giving go together so well. So do Marilyn and Leon Sanderson, who have plenty of love to share and express it in so many ways. Their lives have been focused on giving to others: Leon as a minister in various churches of Christ, and Marilyn as an esteemed educator of the young. Both continue to share their many talents with the residents of Kirby Pines and contribute to the sense of family we all cherish.

Marilyn Cobb was born in Springfield, Missouri. Hers was a close-knit family who enjoyed simple but significant times together. She has a sister who is older, so Marilyn was “the baby” for 11 years until a baby brother came along. According to Marilyn, “I lost my status, and our family dynamics changed.” As a member of Future Teachers of America, Marilyn would have the experience, in her senior year of high school, of spending the afternoon in an elementary school as a cadet teacher. This would provide the groundwork for Marilyn’s professional career.

In 1966, Marilyn graduated from Harding College (University) with a B.S in Elementary Education. She says her college years were very enjoyable, but most exciting was the time she spent singing with two elite groups of singers from the college. During her junior year, one group spent five weeks traveling in the Eastern part of the United States which included singing at the World’s Fair in New York.

In 1966, Marilyn began her teaching career in Long Island, New York. It was a different culture for her, but she enjoyed the nearby cultural venues. During this time, she and a friend spent eight weeks in Europe, traveling by Eurail and staying in pensiones.

In 1969, Marilyn returned to Harding College and earned an M.A. in Teaching. She moved to Memphis to teach in the city schools and was assigned to teach fourth grade in a school with all African American students. “This was again culture shock,” admits Marilyn, “but that class became one of my all-time favorites!” However, after one year, she was persuaded to teach at Harding Academy, one of the largest private schools in Memphis. She remained there for 39 years, as classroom teacher, principal, and eventually as Director of Elementary Education for Harding Academy.

Leon Sanderson was also born in Springfield, Missouri. His only sibling was an older sister. His father and mother were involved in church work over the years. Leon’s families were musicians; his father wrote the words to several published hymns. So, music was a large part of their family. At a young age, Leon joined his father in teaching in music schools and worship leadership.

Wedding Day

EASTER SYMBOLS and TRADITIONS

You won't find them in the Bible, but many cherished Easter traditions have been around for centuries. The most prominent secular symbol of the Christian holiday, the Easter bunny reportedly was introduced to America by the German immigrants who brought over their stories of an egg-laying hare. The decoration of eggs is believed to date back to at least the 13th century, while the rite of the Easter parade has even older roots. Other traditions, such as the consumption of Easter candy, are among the modern additions to the celebration of this early springtime holiday.

Easter Bunny - The Bible makes no mention of a long-eared, short-tailed creature who delivers decorated eggs to well-behaved children on Easter Sunday; nevertheless, the Easter bunny has become a prominent symbol of Christianity's most important holiday. The exact origins of this mythical mammal are unclear, but rabbits, known to be prolific procreators, are an ancient symbol of fertility and new life. According to some sources, the Easter bunny first arrived in America in the 1700s with German immigrants who settled in Pennsylvania and transported their tradition of an egg-laying hare called "Osterhase" or "Oschter Haws." Their children made nests in which this creature could lay its colored eggs. Eventually, the custom spread across the U.S. and the fabled rabbit's Easter morning deliveries expanded to include chocolate and other types of candy and gifts, while decorated baskets replaced nests. Additionally, children often left out carrots for the bunny in case he got hungry from all his hopping.

Easter Eggs - Easter is a religious holiday, but some of its customs, such as Easter eggs, are likely linked to pagan traditions. The egg, an ancient symbol of new life, has been associated with pagan festivals

celebrating spring. From a Christian perspective, Easter eggs are said to represent Jesus' emergence from the tomb and resurrection. Decorating eggs for Easter is a tradition that dates back to at least the 13th century, according to some sources. One explanation for this custom is that eggs were formerly a forbidden food during the Lenten season, so people would paint and decorate them to mark the end of the period of penance and fasting, then eat them on Easter as a celebration.

Easter egg hunts and egg rolling are two popular egg-related traditions. In the U.S., the White House Easter Egg Roll, a race in which children push decorated, hard-boiled eggs across the White House lawn, is an annual event held the Monday after Easter. The first official White House egg roll occurred in 1878, when Rutherford B. Hayes was president. The event has no religious significance, although some people have considered egg rolling symbolic of the stone blocking Jesus' tomb being rolled away, leading to his resurrection.

Easter Candy - Easter is the second best-selling candy holiday in America, after Halloween. Among the most popular sweet treats associated with this day are chocolate eggs, which date back to early 19th century Europe. Eggs have long been associated with Easter as a symbol of new life and Jesus' resurrection. Another egg-shaped candy, the jelly bean, became associated with Easter in the 1930s (although the jelly bean's origins reportedly date all the way back to a Biblical-era concoction called a Turkish Delight). According to the National Confectioners Association, over 16 billion jelly beans are made in the U.S. each year for Easter, enough to fill a giant egg measuring 89 feet high and 60 feet wide. For the past decade, the top-selling non-chocolate Easter candy has been the marshmallow Peep, a sugary, pastel-colored confection. Bethlehem, Pennsylvania-based candy manufacturer Just Born (founded by Russian immigrant Sam Born in 1923) began selling Peeps in the 1950s. The original Peeps were handmade, marshmallow-flavored yellow chicks, but other shapes and flavors were later introduced, including chocolate mousse bunnies.

REFLECTIONS

By
Maxie Dunnam

Three-year-old Ryan and his five-year-old sister were playing on the floor following a family dinner while the adults tried to have a conversation. Lisa opened her new toy nurse's kit and convinced Ryan to be her patient. She took the little stethoscope and placed it on her brother's heart, listened intently -- as good nurses do. Suddenly she announced, "I hear somebody walking around in there."

The adults smiled at this, but Ryan, matter-of-factly answered, "Why, that must be Jesus."

That's the amazing promise, and one of the central claims of the Christian Gospel -- that Christ may live in us. Indeed that is Paul's definition of a Christian. "If anyone is in Christ, he is a new creation; the old has passed away, behold, the new has come" (II Corinthians 5:17).

In Colossians 2: 6, Paul said, "As you have therefore received Christ Jesus the Lord, so live in Him." The King James Version has that, "As ye have therefore received Christ Jesus the Lord, so walk ye in Him." Students of Pauline thought, are agreed that the phrase "In Christ" is the central category of Paul's thinking. This phrase, "in Christ," or "in Christ Jesus", is used by Paul in his letters 169 times.

WALK ON TO EASTER

What does Paul mean by this vital image "in Christ"? It means one, a new *status*; two, a new *style*, and three, a new *strength*.

Persons who are in Christ are people in whom a new principle of life has been implanted. They are in *Christ*.

I think of that in two ways. First, from the perspective of what we might call *imitation*, then from the perspective of *immersion*.

We are in the Lenten Season, looking forward to Easter (Mar. 31) I urge you to join me in being more intentional in *imitating* Jesus, walking in his style. But more, *immerse* yourself in Christ: renew your commitment to spiritual discipline...scripture reading, prayer, worship, spiritual conversation with people you know who are wanting to be "more like Jesus,"

As Christians, we are, in principle new persons *in Christ*., As we walk as Christ would have us walk, and immerse ourselves in Christ—that is surrender ourselves to His Spirit within, His grace will make us, in fact, the new persons we already are.

**BY GRACE
WE ARE SAVED
THROUGH FAITH.**
